Game Asset Creation

Date : 07/07/2025

Duration : 24 Hours

Challenge Brief

Design and submit original 2D or 3D game-ready assets inspired by the Medieval era.Whether you're a pixel artist, illustrator, or 3D modeler, this is your chance to bring the medieval world to life with your unique style and creativity.Your assets should feel like they belong in a game—functional, detailed, and full of personality.

Objective

The set of objectives are:

- Create original 2D or 3D assets inspired by the medieval era
- Demonstrate technical skills in modeling, texturing, or pixel art relevant to game development
- Use appropriate textures, colors, and details that fit the medieval aesthetic

General Guidelines

- Original work only—no copying or AI-generated content allowed, though can be used for inspiration.
- Participants can submit their 2D or 3D assets either in Github or Drive link,
- Third-party assets is not allowed unless they are fully created by the participant.
- Students are encouraged to include a brief description of their creative choices in their documentation—**it's optional,** but can add value to their submission.
